

Name Andrew Spencer Tomb

Title Associate Professor

Publications

Tomb, A. S. 1970. Novelties in Lygodesmia and Stephanomeria (Compositae: Cichorieae) Sida 3: 530-532.

Tomb, A. S. 1970. Lygodesmia, Stephanomeria and Prenanthea. In Correll, S. D. and M. C. Johnston, 1970. Manual of the Vascular Plants of Texas. Texas Research Foundation, Renner, Texas (p. 1743-1744).

Tomb, A. S. 1972. Taxonomy of the genus Chaetadelpa. Madrono 21: 459-462.

Tomb, A. S. 1972. Re-establishment of the genus Prenanthea Rhdb. (Compositae: Cichorieae). Brittonia 24: 223-228.

Whiffin, T. P. and A. S. Tomb. 1972. The systematic significance of seed morphology in the neotropical capsular-fruited Melastomataceae. Amer. J. Bot. 59: 411-422.

Tomb, A. S. 1973. Hypochoeris (Compositae: Cichorieae) in Texas. Sida 5: 183-189.

Tomb, A. S. 1974. Shinersoseris (Compositae: Cichorieae) genus novum. Sida 5: 287-289.

Tomb, A. S. 1974. Chromosome numbers and generic relationships in subtribe Stephanomeriinae (Compositae:Cichorieae). Brittonia 26: 203-216.

Tomb, A. S., D. A. Larson and J. J. Skvarla. 1974. Pollen morphology and detailed structure in the tribe Cichorieae, family Compositae. I. Subtribe Stephanomeriinae. Amer. J. Bot. 61: 486-498.

Graham, A. and A. S. Tomb. 1974. Palynology of the genus Erythrina (Leguminosae: Papilionoidae): a preliminary survey of the subgenera. Lloydia 37: 465-481.

Tomb, A. S. 1974. SEM studies of small seeds. Scanning electron microscopy/1974: 375-380.

Niezgoda, C. J. and A. S. Tomb. 1975. Systematic palynology of tribe Leucophylleae (Scrophulariaceae) and selected Myoporaceae. Pollen et Spores 17: 495-516.

Tomb, A. S. 1976. Pollen morphology of tribe Lactaceae. Grana 15: 78-89.

D'Arcy, W. and A. S. Tomb. 1976. Tribe Lactuceae, in Flora of Panama. Ann. Mo. Bot. Gard.: 1292-1306.

Powell, A. M., S. A. Powell and A. S. Tomb. 1977. Cytological races in Cevallia sinuata

(Loasaceae). *Southwestern Naturalist* 21: 433-441.

- Tomb, A. S. 1977. Lactuceae - Systematic Review. In *Biology and Chemistry of the Compositae* (V. Heywood, J. B. Harborne and B. L. Turner, eds.), Academic Press, Vol. II, Chapt. 39: 1067-1079.
- Skvarla, J. J., B. L. Turner, V. Patel, and A. S. Tomb. 1977. Pollen morphology on the Compositae and its morphologically related families. In *Biology and Chemistry of the Compositae* (V. Heywood, J. B. Harborne, and B. L. Turner, eds.). Academic Press, Chapt. 8: 141-248.
- Tomb, A. S. and K. J. Zeleznak. 1977. SEM studies of fossil and extant compositae pollen. *Scanning Electron Microscopy, 1977*. Vol. 2, 653-658.
- Feuer, S. and A. S. Tomb. 1977. Pollen morphology and detailed structure in the tribe Cichorieae, family Compositae. II. Subtribe Microseridinae. *Amer. J. Bot.* 64: 230-245.
- Graham, A. and A. S. Tomb. 1977. Palynology of Erythrina (Leguminosae: Papilionoideae): The Subgenera, sections and Generic relationships. *Lloydia* 40: 413-435.
- Tomb, A. S., K. L. Chambers, D. Kyhos, A. M. Powell, and P. H. Raven. 1978. Chromosome numbers in the Compositae. Tribe Lactuceae. *Amer. J. Bot.* 65: 717-721.
- Rajendra, B. R., A. S. Tomb, K. A. Mujeeb and L. S. Bates. 1978. Pollen morphology of selected Triticeae and two intergeneric hybrids. *Pollen et Spores* 20: 145-156.
- Gentry, A. and A. S. Tomb. 1979. Taxonomic implications of Bignoniaceae. *Ann. Mo. Bot. Gard.* 66: 756-777.
- Tomb, A. S. 1980. Taxonomy of Lygodesmia (Asteraceae). *Sys. Bot. Mong.* 1:1-51.
- Tomb, A. S. 1982. A new method for isolating pollen for scanning electron microscopy. *Micropaleontology* 28:215-217.
- Karrfalt, E. and A. S. Tomb. 1983. Gas spaces, secretory cavities and the relationship between tribe Leucophylleae (Scrophulariaceae) and the Myoporaceae. *Sys. Bot.* 8: 29-32.
- Elisens, W. and A. S. Tomb. 1983. Seed morphology in new World Antirrhineae: Systematic and phylogentic implications. *Plant Systematics and Evolution* 142: 23-47.
- Tomb, A. S. and A. Gentry. 1984. Pollen morphology and detailed structure in the Bignoniaceae. Submitted to the *Amer. Jour. of Botany*.
- Tomb, A. S. 1984. A triploid agamospecies related to Lygodesmia Arizona. Submitted to *Great Basin Naturalist*.
