**ACADEMIC AFFAIRS**

1. Undergraduate, Graduate, and General Education (refer to approval sheets for further details):

**A. UNDERGRADUATE COURSE CHANGES AND ADDITIONS:**

*College of Agriculture –October 19, 2009 approval sheets*

Add:

AGRON 503 Emerging Topics in Agronomy  
◆PLPTH 300 Microbes, Plants, and the Human Perspective

Changes to:

ATM 160 Engineered Systems and Technology in Agriculture  
ATM 250 Chemical Application Systems

*College of Arts and Sciences November 5, 2009 approval sheets*

Add:

COMM 440 Collaborative Communication and Event Planning  
HIST 595 French Revolution, 1789-1815  
SPAN 572 Mexican Film

*College of Engineering November 5, 2009 approval sheets*

Add:

ARE 312 Introduction to Revit  
CIS 580 Fundamentals of Game Programming  
CHE 354 Basic Concepts in Materials Science and Engineering  
CHE 355 Fundamentals of Mechanical Properties  
CHE 356 Fundamentals of Electrical Properties  
ECE 540 Applied Scientific Computing for Engineers

*College of Education October 27, 2009 approval sheets*

◆Remove UGE status from EDCEP 311 SHAPE – ((EDCEP 312 was approved earlier this year for UGE status in the place of this course.)

*College of Technology and Aviation –December 7, 2009 approval sheets*

Add:

AVT 360 Airport Law  
AVT 361 Airport Environmental Studies  
AVT 560 Airport Master Planning and Design  
PPIL 210 Aviation Safety  
PPIL 387 Crew Resource Management  
CMST 355 Network Programming

**CURRICULUM CHANGES:**

*College of Agriculture October 19, 2009 approval sheets*

*Agricultural Economics*

Changes to: B.S. Degree in Agribusiness – International Option

- Add FINAN 450 Principles of Finance to the Finance Requirement section
- Change the Agricultural Economics restricted elections from 6 to 9 credits.

**RATIONALE:** The proposed change will make the finance requirement in the International Option consistent with the finance requirement of the other two options in the agribusiness curriculum. In making the change, AGECE 513 is moved from being listed as a required course to being listed as being another course in the list of choices of restricted agricultural economics courses. A footnote will be added, just as

it is on the other two options in the agribusiness curriculum, indicating that either AGEC 513 or FINAN 450 is required in the curriculum. To keep the total number of AGEC credits unchanged, the required total AGEC restricted electives is increased from 6 to 9 credits.

IMPACT: The Finance Department has been contacted and has indicated this is not a problem.

*General Agriculture*

Discontinue the Contemporary Citizenship in Agriculture Minor

RATIONALE: There is currently only one student enrolled in this minor program, and the program has never had strong student interest as exhibited by enrollment. The GENAG 450 course no longer has an instructor.

IMPACT: None.

*Horticulture, Forestry and Recreation Resources*

Changes to: Park Management and Conservation Major – Park Management Option

- Add BIOL 198 Principles of Biology to the list of Natural Sciences and allow students to take either BIOL 198 or BIOL 210.
- Delete BIOL 320 from the specialization section

RATIONALE: Biology Department has not taught BIOL 210 or BIOL 320 for several recent semesters. These changes do not result in a change in the total number of hours required for the degree nor in free electives.

IMPACT: No impact on other departments.

Changes to: Park Management and Conservation Major – Interpretation Option

- Add BIOL 198 Principles of Biology to the list of Natural Sciences and allow students to take either BIOL 198 or BIOL 210.
- Delete BIOL 320 from the specialization section

RATIONALE: Biology Department has not taught BIOL 210 or BIOL 320 for several recent semesters. These changes do not result in a change in the total number of hours required for the degree nor in free electives.

IMPACT: No impact on other departments.

Changes to: Park Management and Conservation Major – Law Enforcement and Recreation Business Options

- Add BIOL 198 Principles of Biology to the list of Natural Sciences and allow students to take either BIOL 198 or BIOL 210.

RATIONALE: Biology Department has not offered BIOL 210 for several recent semesters. These changes do not result in a change in the total number of hours required for the degree nor in free electives.

IMPACT: No impact on other departments.

Changes to Journalism (EDJOR) Teacher Licensure Program

- Remove MC 211 and MC 276 from Required courses
- Add MC 251 and MC 406 to Required courses
- Add MC 180, 471, and 580 to recommended courses
- Update course numbers and titles within listings

Rationale: These changes are initiated at the request of the Department of Journalism and Mass Communications. As this department has made programmatic changes to bolster their emphasis on electronic journalism, their faculty recommend two courses currently required in the EDJOR sequence be replaced with two other courses that better align with the needs of secondary school journalism teachers. Additionally, the current course numbers for two of the “recommended” courses are corrected to reflect changes in course numbering in the Department of Journalism and Mass Communications, one course title is updated, and three courses have been added to the list of recommend courses.

Changes to English and Journalism (EDENJ) Teacher Licensure Program

- Remove MC 211 and 276 from required courses
- Add MC 251 and 406 to required courses

Rationale: These changes are initiated at the request of the Department of Journalism and Mass Communications. As this department has made programmatic changes to bolster their emphasis on electronic journalism, their faculty recommend two courses currently required in the EDENJ sequence be replaced with two other courses that better align with the needs of secondary school journalism teachers.

*College of Engineering November 5, 2009 approval sheets*  
*Department of Biological and Agricultural Engineering*

Changes to Bachelor of Science: Biological Systems Engineering – Biological Option, Environmental Option, and Machinery Systems Option

- Change in total credit hours required for graduation from 128 to 127.
- Remove DEN 325 from all three options.
- Also change BAE 636 and 651 from main course list, in the Machinery Systems Option, to be listed as technical electives and change credit hours of Technical Electives from 3 to 6.

Rationale: DEN 325 topics of personal and professional development, including communication, leadership, teamwork, and ethics, are currently covered iteratively in the recently redesigned courses of BAE 101, 131, 231, and 331. Thus, DEN 325 is no longer needed to meet these student learning outcomes.

Currently this option only has 3 hours of technical electives. We believe that more technical electives are necessary. The dropped BAE courses will be added to the technical electives list and at least one technical elective must be in BAE 500+.

*General Engineering*

Drop: Nuclear Reactor Technology Program

Rationale: Nuclear Reactor Technology Program has not been offered for years.
