CURRICULUM CHANGES:

*English*

Changes to the BA in English in the Literature Track, Literature and Creative Writing Track, and Literature with Teacher Licensure Track.

Rationale: The following changes are designed to correct catalogue anomalies, make the catalogue descriptions parallel and coherent, and clarify requirements. Nothing is substantially changed from previous catalogue. The name change from Teacher Certification to Teacher Licensure aligns the English Department's name for the degree with that of the College of Education's Teacher Licensure Program.

### *Geography*

Changes to the Geographic Information Systems Certificate. Addition of minimum GPA for courses taken.

### *Music*

Changes to the Bachelor of Music Education (BME). Changes to core requirements as well as electives.

Rationale: This change is part of a curriculum reorganization that will have several benefits: (a) provide music education coursework during a students' sophomore year made up of one credit hour from MUSIC 511 and one credit hour from MUSIC 512; (b) enhance student perception of content relevance by taking components of secondary general methods that had been split between two courses and focusing on the topic of a course of its own; (c) prepare students; ability to write lesson plans before the more advanced method's courses; and (d) further develop the electronic portfolio already in place.
