AVT 560. Airport ~~Master Planning and Design~~

CURRICULUM CHANGES

School of Integrated Studies

Changes to the Bachelor of Science in Aeronautical Technology, Airport Management option (BATN-AP).

RATIONALE: Members of the Airport Management Program Industry Advisory Council have suggested these changes to strengthen the pedagogy, insure students are enmeshed within the major curriculum by fall sophomore year, and offer an even stronger curriculum to prepare students for industry challenges. By removing AVT 498, the revision of AVT 560 will satisfy the senior capstone requirement without duplication.

CURRICULUM CHANGES

Music, Theatre, and Dance

Changes to the Music Education (B.M.E.)

RATIONALE: A course addressing beginning band techniques is being created to address a gap in knowledge of current music education students. Currently, the content is being covered during MUSIC 511; however, the use of that time is infringing on general music methods and not enough time to adequately prepare them to do both. Creating MUSIC 513 and putting it into the curriculum will address both needs while making no impact on total hours required for graduation or on faculty loads.
