

JULIA ROBBE- MODERN LANGUAGES AMBASSADOR

Hi! My name is Julia and I'm a freshman here at K-State, studying Business Administration with a minor in Chinese and an International Business Certificate. I'm also an international student from Brazil. Ever since I was little, I loved learning languages and, in my family, we all speak a mizture of Portuguese, German, and English, so our conversations at my house are always quite interesting! In school, I learned Soanish and some French. During Covid, I decided to learn Korean and Chinese, and I absolutely fell in love with the cultures and the languages, Outside of that I love to play handball and tennis and watch tv shows on Netflix. I am also looking forward to possibly studying abroad in China or South Korea. I love to meet new people and help as much as I can, so if you ever have any questions, don't be afraid to reach out!
